

Our Church Directory is going Online!

Parishioners,

We are pleased to announce the creation of an online parish directory. No need to schedule a photo session. You will submit your own picture and the information you choose to share. The information is secure, with each family having an individual login and password. This will allow us to keep the directory up-to-date with parishioners as well as activities around the church. It will be accessible from any device, including computers, tablets and even phones!

Ron Lay and Barb DiBrito will be designing and updating the directory. We need for you to complete the information on the attached form and include a recent photograph of you and your family. It should be of a high resolution and a close up of the subjects. It should reflect YOU, but be sure it is appropriate for a church directory.

Submit only the information you wish to be included. An email address is required if you would like access to the directory and will be included in your profile. Once your information is submitted, you will receive instructions to login using the email address provided and you will be prompted to create your own, unique password.

A limited number of printed copies will be available in the future for those who do not have online access.

Don't wait. Submit your information now.

Have questions? Please contact Ron Lay at ron.lay@verizon.net. Once we are fully back to attending services live with no restrictions, we will be able to provide assistance after masses.

Our Church Directory is powered by *Instant Church Directory*.
